Amazing law firm helps answer all questions when you are having a tough time. I didn't really know what to do or where to turn and she helped guide me with the most patience I have ever witnessed.

I love that office because they're very patient since I took my mother there and she's cannot see and cannot hear and they were very patient with that is what she needs

Laci and her team have been such a Godsend to my family and I... They have went above and beyond to meet our needs and then some. Laci has become like family and is honestly one of the kindest people I know. She is such a great lawyer! I would highly recommend her!

I thought about reviewing my experience with Rendon Legal for a long time. It was a bumpy road with a lot of "one step forward and two steps backward." Not exactly where the fault lies but it was not entirely Rendon Legal's. I think the whole legal system is extremely hard to navigate when it shouldn't have to be. Krystal Shircliffe who is the Legal Assistant in Laci's office has been a God send to me throughout the whole process of getting my husband's will probated. Every time I called their office she took my call and followed-up with calls to me when I needed information. She was my lifeline. I am grateful she was there to help me with my many questions and concerns and in the end, she came through for me in closing out the process. I am so glad she works for Laci Rendon. Madeline Mills

Rendon Legal is the best. I dropped a previous attorney for failing me in what needed to be done (after waiting 9 months). Once I got with Rendon Legal things got moving. Great advice, firm, and smart. Lacie and her staff not only knew what they were doing, but also attentive and responded within a timely manner. To any questions or concerns I had. My case wasn't no ordinary case and there were plenty of challenges. They handled it flawlessly. Rendon Legal was recommended to me after expressing my frustration of my previous attorney. I will recommended Rendon Legal over and over again. They will have you saying I love my attorney and I do. Thank you guys for being there when all seemed lost.

Laci and team are awesome! Laci patiently listened as we dished out our dilemma, and offered some very good advice. We will definitely use this
