Good Afternoon Laci,

I understand you are representing Elizabeth Alvarado in a trial set for June 3rd.

Considering I wasn't made aware of this until recently, and I've Elizabeth if she wishes to make an attempt at mediation, with no response from her, I am reaching out to you to request mediation.

In the absence of counsel on my part, I'm more than likely going to be pro se.

Please respond at your earliest convenience. Once I begin to e-file, mediation will likely be off the table.

I look forward to hearing from you .

Thanks,  
Scott

P.S.

Please also provide me the papers I was served with at the hotel in Baytown, given the fact that Elizabeth neglected to surrender them with the rest of my property, even though she handed over the charger for the phone id given to my son in her further attempts(along with those of her family), to continue a campaign of paternal alienation against me that began in October of 2022
